EVER FAILED IN ANY CASE TO PRODUCE MORE THAN SAT-ISFACTORY RESULTS.

the methods of Deep Breathing Physical Culture as taught by Mr. ille Daniels. ROSALIE PETTIS.

Third St., Richmond, Va., 9 S. Third St., Richmond, Mr., Feb. 10.—After taking a course in Physical Culture and Deep Breathing under your direction, I have been greatly benefited, and I heartly recommend your method to all who wish to feel that life is worth living.

With good wishes for your continued success, I am, very truly, ALBE BRADFIELD.

Eighth and Clay Sts., Richmond. Va., Jan. 39, 1994.—I have taken but a few lessons in your method of Physical Culture, and am frank to admit that too much cannot be said in favor of your methods. My health has been greatly improved, my chest expansion has increased five linches, and now I am entirely free of indigestion. I most heartily indorse your system, and would advise all who are in search of health to call upon you. Yours very truly, B. FRANK TINSLEY.

634 N. Eighth St., Richmond, Va., Jan. 30, 1904.—Since taking six lessons in Physical Culture. I have been on-tirely relieved of pain in my left lung, from which I have been suffering for nearly a year. My nervous system was almost completely broken down. I could not walk any distance without

PHYSICAL CULTURE AND DEEP BREATHING

opping to rest, would be so tired and it of breath. I aim now strong and ave none of these feelings, for which am indebted to your method, and lyise Physical Culture above every-ling else, for it has done me so much

Nery truly, Mrs. ALICE SIDNER.

Richmond, Va., Feb. 10, 1901.—Refore taking Physical Culture I was in a very bad state of health, had a bad cough and suffered dreadfully from indigestion, had terrible pain in my lungs and was alweys thred. Thought I was going into a decline, saw a great improvement after the second lesson, I now feel like a new person, all the pains are gone, the cough is gone, and I feel so much improved that I hardly know myself. I most heartly recommend Physical Culture to everybody for everything that the human body is heir to. It has made a new woman of me. Most truly yours, MATTIE CLARKE.

638 N. Eighth St., Richmond, Va., Feb. 10, 1991.—I have been in delicate health for two years, have been under treatment, deriving very little good from it. I was advised to try to Physical Culture. When I came to you I was in a terrible condition, suffering from female trouble. After having taken 8 lessons I am greatly improved and can highly recommend Physical Culture to one and all.

Itoping that all of your pupils will derive as much benofit as I have, I am, very respectfully, MINNIE R. CLARKE.

Richmond Va., Feb. II, 1904.—Enough praise cannot be given you for the relief I obtained after taking but a few lessons in your Physical Culture and Deep Breathing. For years I suffered from hidgestion, which all doctors seemed unable to cure. Heartily will I endorse your methods, and havise all those who wish health to go to you. Believe me, yours very truly, G. F. DOUGHTY.

306 Capitol St., Richmond, Va., Feb. 10, 1801.—I take great pleasure in recommending your school to any one as a natural, resource of health. I have only taken five lessons, the result of which is that I now have five inches chest expansion and have nover enjoyed better health than at present. Wishing your school the greatest suc-

cess in years to come. I am, yours very truly, B. L. JONES.

"Lynnhurst," Highland Springs, Va.—It gives me great pleasure to recommend you to the general public, especially to those who are marrow chested, and to those afflicted with spinal troubles. Your system of teachin the art of Deep Breathing and Physical Culture exercises is a science and a great boon to all; a science that should walk hand in hand with surgery and medicine. It has worked wonders for my grandson, who was of a Rachite and Tubercular Diathesis, Very cordially yours, SUSAN ABI-GAIL ROOPE, a. D. "Lynnhurst," Highland Springs, Va.

It is with pleasure that I recommend you to my friends as a teacher of Physical Culture. I am delighted with the marked improvement in my hoy (four years old). He has a pigeon breast, which naturally contracts the jungs, and my physician says unless we give him an abundance of exercise, he will go into consumption as he grows older. I am proud to say, for the short time you have had him, there is marked improvement in his condition, and he is very fond of going through the exercise.

Feeling sure that you will be able to make a complete cure of him, I am yours truly, J. T. COBB, 328 W. Cary St., City.

Highland Springs, Va., Fob. 3, 1904.—
It gives me great pleasure to testify to the great benefit I have derived from Physical Culture, under the direction of Mr. Melville Daniels. For years I have been a sufferer from indigestion and nervousness. I could not take one deep respiration without causing the heart to palpitute; after three respirations I was completely exhausted. My chest expansion has increased from 1-14 inches to 5-12 inches, and unlimited number of respirations gives me a feeling of exhilaration only. Indigestion is a trouble of the past, and I am greatly cluted over the plumpness of my once hollow chest. My improved circulation seems to have completely routed my old enemy, theumatism. Am now enjoying the best of health, and my friends are greatly astonished over my recently acquired ease and grace of movement.

I firmly believe that if the Deep Breathing and Physical Culture exercises, as taught by Prof. Daniels, are

Special Attention Given

to Children.

conscientiously practiced, there need be no occasion for doctor bills. From a grateful pupil, Mrs. MARY II, 2N-GRAM.

Norfolk, Va., Jan. 22, 1904.—I am more than agreeably surprised at the wonderful results I have received from your methods of Physical Culture and Deep Breathing. When I commenced it, my normal chest measure was 20 inches and had only 13-4 inches cleest expansion, was very delicate, had impure blood, and suffered a great deal with indigestion. After taking 18 lossons from you my normal cleest measurement is 38 inches (a development of 9 inches), and my chest expansion a little over 7 inches (a gain of almost 6 inches). My skin erruption and indigestion has entirely disappeared, and 7 am now not only enjoying perfect health, but have strength and energy to spare. I can honestly and cheerfully recommend your methods to do all and more than you claim. Wishing you every success, I am, very gratefully yours, EARNEST C. WINTERS.

I take pleasure in testifying as to the wonderful results received from Physical Culture, having studied less than three months under Prof. Daniels, and in that time I have reduced considerably; have also attained a graceful carriage, and can walk the greater part of the day without feeling the least fatigued; when, previous to my taking Physical Culture. I could not walk a dozen blocks without feeling oppressed and tired out. Am gratefully and truly yours, Mrs. B. AB-BOTT BOWERS.

518 Denny Street, Richmond, Va., Feb. 1st, 1904.—I take great pleasure in recommending your method of Physical Culture to my friends and the public. Since taking four lessons under your instruction, I have been greatly benefited. My indigestion is gone altogother and my lealth much improved. Your system of Deep Breathing is a wonder worker. My expansion has increased 4 1-2 inches, and my faith is unbounded that I will reach 7 or 8 inches shortly. Yours very truly, J. H. BURK.

712 E. Grace St. Richmond, Vn., Jan. 26, 1904—Regarding your method of teaching Deep Breathing and Physical Culture, I cannot commend it too highly. To the uninitiated it is aston-

ishing what results can be obtained by proper breathing. Not only has my general health been greatly improved, but my chest expansion has been increased from 2 1-4 to 5 inches. I consider it my duty to sound your praises to my friends. Yours truly, ALFRED L, OSBORNE.

ALFRED L, OSBORNE.

1217 E. Main St. Richmond, Va. Feb.
8, 1901—I want to say, in praise of
your Physical Culture department,
that I believe you have the only perrect method, When I began taking
your systematic Deep Breathing and
muscular exercises sometime ago, I
was in very poor health, caused by not
taking proper or sufficient exercise;
since, have never enjoyed better
health. It may be interesting to add
that from I 1-2 inches my expansion
has increased to 6 1-2 inches, and
weight from 183 1-2 pounds to 165. An
mositive this remarkable transformation is due entirely to your method
of Physical Culture, and it gives me
great pleasure, to recommend you to
any one seeking perfect health without drugs, Sincerely yours, J. W.
BURNETT, 1217 E. Main St.

Howard's Grove Richmond, Va. Jan.

Howard's Grove, Richmond, Va., Jan. 25, 1801.—The results that I have received from your method of Physical Culture and Deep Breathing are simply astonishing. My chest has developed 43-4 inches, and my chest expansion has increased 5 inches. The indigestion has not only disappeared entirely, but I rest well at night and have a good appetite; in short, I feel like a different man altogether, and yet I have only taken 7 lessons from you. Yours truly, R. O. MARABLE.

AND HUNDREDS OF OTHER TES-TIMONIALS

A GUARANTEE.

J positively guarantee to cure any case of Indigestion or Constipation, to correct Round or Stooped Shoulders, Water Hollow Chest, Bow Legs, Knock Knees, Pigeon Toes, and to effect a perfect and graceful figure, or will forfelt all charges. My method of deep breathing stimulates and strengthens the lungs and heart, increases expansion, promotes circulation, thus purifying the entire system. MELVILLE DANIELS.
